TRUTH TRIUMPHS

Norway Citizens Testify for the Public Benefit.

A truthful statement of a Norway citizen, given in his own words, should convince the most skeptical about the merits of Doan's Kidney Pills. If you suffer from backache, nervousness, sleeplessness, urinary disorders or any form of kidney ills, use a tested kidney medicine.

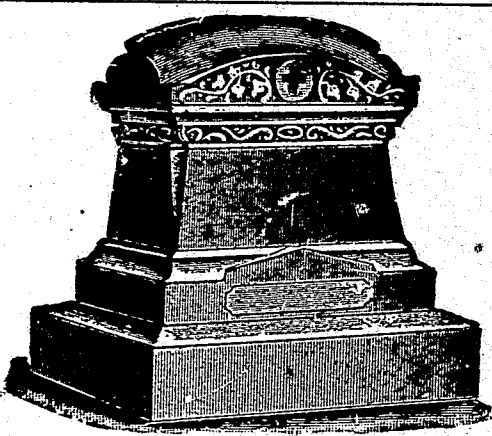

A Norway citizen tells of Doan's Kidney Pills.

Could you demand more convincing proof of merit?

C. E. Bradford, prop. of laundry, Main street, Norway, says: "For some time I had a dull pain through the small of my back, together with a tired feeling. I couldn't rest well. When a friend advised me to take Doan's Kidney Pills, I got a supply at F. P. Stone's Drug Store. After I used two boxes, the pains and other symptoms disappeared and there was a great improvement in every way. I have had no kidney trouble since." (Statement given April 30, 1912.)

On June 6, 1916 Mr. Bradford added: "I still have confidence in Doan's Kidney Pills as it hasn't been necessary for me to use a kidney medicine since I took them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bradford had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Quick remedy

The sufferer from biliousness is only too familiar with all its disturbing symptoms—loss of appetite, headache, dizziness, nausea and vomiting, oftentimes meaning prostration for two or three days and the consequent loss of time from regular duties. Such attacks vary in frequency and duration with different individuals, but there is really no occasion for them to occur at all. That old reliable household medicine "L. F.'s Atwood's Medicine, taken in teaspoonful doses morning and night, rarely fails to wholly prevent an attack of sick headache or biliousness. If this preventive measure has not been adopted, a desertsopful when the first symptoms appear, will almost invariably ward off a severe attack. It may be obtained of any dealer, in large bottles for fifty cents, or samples free for the asking. "L. F." Medicine Co., Portland, Maine.

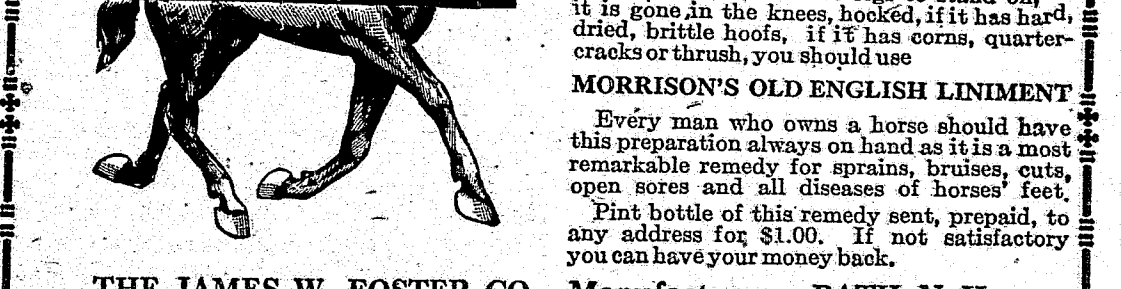

Build Now

The general opinion of those qualified to judge is that all building material will be higher instead of lower, and we believe this ourselves. At this time we have a complete stock of all kinds of building material; but most impossible to get shipments from the mills and in our opinion the situation in this respect will not improve, so we say BUILD NOW.

Dwight L. Stevens
Mrs. Mary Stevens, Minnie Stevens and
C. B. Stevens of North Paris and Mr.
and Mrs. F. R. Andrews of South Wood-
stock went to Brookdale, Mass., last week
on account of the death of their son and
brother, Dwight L. Stevens.

Mr. Stevens was the son of the late
Nelson and Mary Humphrey Stevens and
was born in Newton, Mass., July 31,
1885. He married Abbie Young of this
village, who survives with a daughter,
Helen, also his mother, two sisters and
one brother already mentioned.

Much of Mr. Stevens' life has been
spent in this vicinity, where he was well
known, but of late years he has been
employed in a shoe shop in Brookton.
He has been in poor health for several
years, but the final illness was a stroke
of paralysis, which he suffered on his
birthday.

The funeral was held at the home in
Brookdale and burial was there.

Mr. and Mrs. C. L. Riddon, Rupert
Berry, Madeline Peabody and Mrs. E. J.
Mann attended the alumni banquet at
South Paris High school, Friday evening.

Mrs. Ward Bryant and her daughter,
Mrs. Chapman and her daughter of Low-
ell, Mass., are visiting her niece, Mrs. W.
H. Emery and family.

Mrs. Dora Jackson has returned from
a two weeks' vacation with her sister,

vacation with his daughter, Mrs. Vernon
Ellingwood at Kings.

Rev. and Mrs. L. W. Grundy have been
guests at E. D. Curtis' and other places
and from their home in Phillips to
attend the young peoples' meetings of
the Epworth League at Empire camp
grounds last week. They came in their
own little runabout car. Mr. Grundy
was a recent M. E. pastor here.

Mr. and Mrs. Arthur Turner of Buck-
field spent the week-end with their aunt,
Mrs. Arthur Dean and took back in his
car their mother, Mrs. Tripp and daugh-
ter, Nellie, to their home in Turner.

Mrs. John F. Wood, who has been away
in Massachusetts for a year or two, has
sold her cottage at Snows Falls to her
niece and husband, Mr. and Mrs. Godsoe
of Massachusetts and they are here for a
few weeks vacation accompanied by
friends.

Mass., have been visiting at A. E. Mar-
shall's.

The Ethel May Shorey Co. were here
last week and presented the "Eleventh
Commandment" at Grange hall, Wednesday
day evening. This company has been
coming here for several years and always
gave good plays with good actors and
always have a good house because the
people have learned that they can rely
on them.

Paul Whitten and Robert Park of Bos-
ton have been visiting Mrs. W. M. Whit-
ten.

Rev. G. H. Hamlin, Baptist State Sec-
retary of Lewiston, will supply at the
Baptist church this coming Sunday.

WEST BETHEL

Buildings Burned
A bad fire at West Bethel last Thurs-
day evening at about eight o'clock. The
large building, store, stable and ice house
owned by E. L. Mason and occupied by
Harry Head as a store and the tenement
up stairs was occupied by E. A. Gilbert
as a home, was burned to the ground.

The fire caught by the explosion of a
lamp.

Mr. Mason and Mr. Gilbert had no
insurance. Mr. Head had some. Mr.
Gilbert lost nearly all of his things, also
Mr. Head. It was an old landmark as
it had been a store for 75 years, the first
trader being Henry Ward from Portland.
Then, Holt bought out Potter and traded
some years. He then sold to Lyman Ad-
gers and he sold to the late A. S. Bean
who was in trade a number of years; then
it went to H. P. Dennison, who was
in it about 14 years, then Harry Head
until forced by the fire to leave.

Mrs. J. M. Brock of Brookton, Mass.,
was the guest of Mr. and Mrs. Dexter
Mills last week. Also Mrs. William Thom-
as and grandson of Providence, R. I.
Mr. and Mrs. W. H. Mills and Mr.
and Mrs. George Rowe of Poland Spring
were up Sunday to make a call on Mr.
and Mrs. Dexter Mills and see the ruins
of the fire. Harry Mills of Gorham, N.
H., was down Monday and saw the ruins
a week as the guest of Mr. and Mrs. J.
Smith of Portland at their cottage at
Sebago Lake.

Mr. Dodge of Bridgton is here to
put down an artesian well for J. P. Moul-
ton.

Learn of Its Performance and Endurance as 10,000 Owners Know It

The Essex to You

Regard the Essex in the light of its service to some 10,000 owners.

What it is doing for people you know is an indication of how every Essex owner feels about his car.

Questions

To Ask

Will the Essex passenger capacity meet your needs? The touring car and the sedan each comfortably carries five. The roadster is for two, and has unusual capacity for luggage.

Car size, other than that of passenger capacity is unimportant. In the Essex it means greater driving ease and the opportunity of providing comfort, higher quality and greater performance at a moderate price and low operating cost.

Think how large the cars a few years ago compare with those of today.

The trend is toward smaller cars. The Essex is easier to drive, easier to park, costs less to operate, and is as comfortable to ride in as a large, costly car. The Essex marks the car of the future in respect to size, and it combines the wanted qualities of economy of the light car with the performance and endurance of the costly automobile.

How About Its

Performance?

Every Essex owner knows he doesn't need to take the dust of any car. He can tour as fast or as far as any car will go. He has power for the hills—acceleration for every requirement.

Owners of large cars tell us their preference for driving the Essex. They travel faster because they can get under way so quickly. They can turn in narrow streets.

They can thread in and out of traffic. The Essex takes up so little room it can be parked in spaces too small for large cars, and it costs less when degree of performance and quality are considered. The Essex saves in gasoline and tires.

How About Its

Endurance?

These are the records of 10,000 cars. Some have been driven as many miles as the average owner drives in two seasons. Ask the hard drivers how they consider Essex durability.

Ride in an Essex that has been driven several thousand miles. Learn how little attention is required to keep it in operating condition. Every owner will give you proof of endurance such as you would never expect of a car of its size or cost.

Look for Its Imitators

Next Year

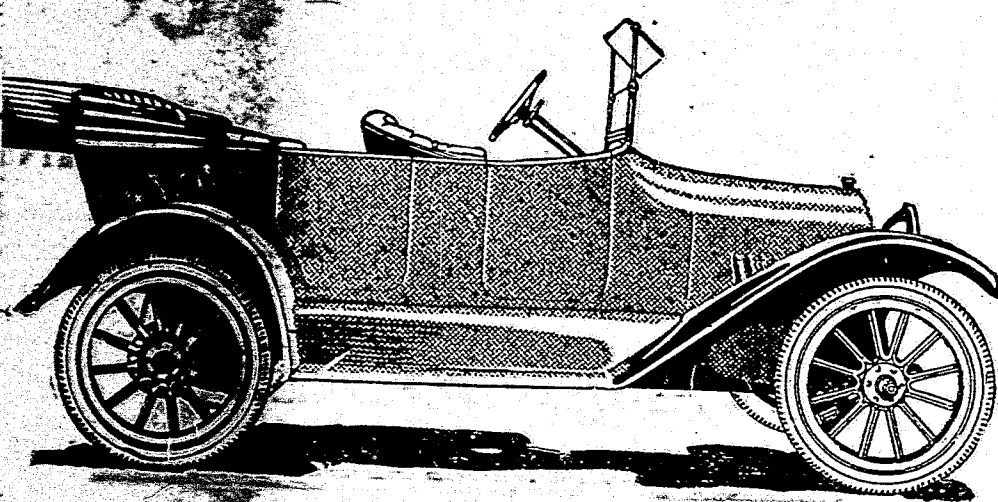

Essex success means next year's cars will be modeled after it. Look for its body lines and other features in cars that will come out from now on. The Essex has filled the demand for a light weight car with performance and enduring qualities. It is not an old model modified to meet the trend toward lightness and economy, comfort and luxury. To get what the Essex has, requires a design that begins with one idea in view. A new trend in design is reflected in the Essex. It cannot be met through the adaptation of those principles that have been in vogue.

The Essex is the new word in motor cars. Its performance is proved everywhere and its endurance is unquestioned. Can there be any doubt, after such proof, that it is the car you want?

Accidents will Happen

Do you know how much your motor-car is worth to you?

You know what it cost, and you can make a reasonably close estimate of its depreciation, but suppose your car is damaged, stolen, or destroyed, what then? Will it be a partial or total loss?

Every day you read of cars being stolen from garages or while standing in the street. Grave danger of fire or explosion always exists where a car is used. Collisions are of every day occurrence, and cannot always be prevented, even by careful driving. YOU may be the next to lose—YOU cannot tell.

Which is better—to take the risk yourself, or to shift the responsibility upon those whose business it is to assume such risks?

We will insure your car against Fire, Theft, Personal Liability, Property Damage, Collision or the hazards of transportation.

Give us the make, number, make and model year of your car and mail to us a check for \$1.00 and we will tell you how you can estimate the exact value of your car, whether it be standing safely in your garage or on a piece of tangled JUNK.

BRYANT'S POND

The Old Home Town

Long, long years ago two brothers from our neighboring town of Paris came into what is now the limits of the town of Woodstock and they learned to love these old hills and the clear blue lake so well they decided to make their homes here. It was from these first two settlers that our village, lake and mountains take their names. Other settlers came and within a few years decided to band themselves together and assume the dignity and responsibilities of an incorporated town by the name of Woodstock. The town undoubtedly being named for the old town of Woodstock, in Oxford County, England.

In the year 1915 the town reached the century mark and the event was observed by a celebration which was a credit to the town and its citizens. Only a few years have passed by since that memorable day in August but during those few years changes almost unbelievable have taken place in this old world of ours and to-day, Woodstock, in common with all the town and cities of America, must face a new future, must meet its responsibilities, consider its possibilities, take advantage of its opportunities and do its duty as one of the units which make up our own great nation.

Let us all as good citizens look the situation over and see what needs to be done and then do it. We have a dozen stores here and we want them to prosper. We have a large number of farmers and we want them to prosper. We have a few good industries and we want them to prosper. We have much here to feel proud of and a few things we are not so proud of. Let us think it over. Are we standing by each other? Are we pulling together as we should? In short, is the town prospering? In short, is the town growing and this means not only the town proper, but the Gore and Pinhook Billings hill and Curtis hill. The Perkins and Whitman and Chase and South Woodstock and every inch of space within the town limits? Does it not belong to us all? The people of Woodstock can be depended on to stand for that which is right.

It has stood by its schools, it has stood by its roads, it has stood by improvements in general and when any citizen living in our village says, "these outsiders (meaning the farmers) are jealous and don't want us to have anything here in the village and will try and vote us down," and when any citizen outside says, "these village people want to kill us with taxes and don't want any other section of the town to have anything," both are telling what is absolutely false, what history cannot prove and what not only can serve no good purpose, in fact is slandering this old home town of ours in a way that should make every good citizen blush with shame at their smallness of vision. And not only this, but strangers from away have been given this wrong idea of our town and they in turn tell it to others. Let us think it over.

If Woodstock is a town worth living in, let us stand up for it and black the eye of the first individual, who is guilty of slandering his home town. Let those of us who believe in old Woodstock get together, hang together, fight together and make this old town grow and prosper and work for the improvements we need, better schools and highways, a water system, lighting system, a town hall with a clock on it, a fine gymnasium and most important of all, the business and trade which must back up financially our hopes and plans for the making of one of the finest of these beautiful hills and mountains, with the blue lake close beside.

The time is ripe for action and we believe that before many more months have passed, the citizens of Woodstock will unite their efforts in a board of trade which would continually work for the business interests and the general welfare of the town. Our village improvement society has done much, its usefulness is by no means past, but we believe the time is ripe for us to seriously consider the possibilities of the broader organization. Let us be sure to start right make it truly a town organization so that not only our village people but every farmer from Curtis Hill to Billing's Hill will feel that the Woodstock board of trade is standing and working for the town's interest. Of course the main work of the board of trade would naturally be at the town proper but its whole aim should forever be to advance the interests of the town as a unit, for any business which would locate here at Bryant's Pond would add to our valuation and bring in the money for the taxes for improvement.

Let every good citizen think upon these things. Our possibilities and opportunities were never greater than they are to-day. Shall we go forward in the march of progress or stand still? It is up to us!

Woodstock Athletic Club 11; Norway

Tigers Ward 8, 9

In the most exciting game which the fans have witnessed here the Norway Tigers were defeated by a score of 11 to 9. Each team used two pitchers. Moore for Norway not lasting a whole inning and LaFrance taking his place. Hathaway for Woodstock lasted until the middle of the fifth and was replaced by Chase. At the same time R. K. Hathaway left and was replaced by L. W. Hathaway. The game was held up in the fourth inning by a smart shower during which the fans took shelter in automobiles, under automobiles and under the trees. At the end of the sixth inning the score stood Woodstock 7, Norway 5, but in the seventh Norway pulled four runs and Woodstock was retired in one, two, three first-man on and the next three were easily out. But in Woodstock's half Norway took it easy and Woodstock got four more runs, score standing 11-9. In the ninth Norway went out in short order and Woodstock had won.

Woodstock had a record breaking crowd and everyone went home well satisfied. Following is the line-up:
